## Annual Report & World's Best Workforce Summary 2022-2023

#### Introduction

The purpose of this report is to summarize the progress and achievements of St. Croix Preparatory Academy (The School) in its 19th year of operation. This study includes information on the 2022-2023 school year, such as student demographics, governance, and finances. The report also includes additional data needed to provide a comprehensive description of The School and its educational programs and practices.

This annual educational audit serves to meet the requirement of reporting progress towards the academic and non-academic goals outlined in the charter application approved by the Minnesota Department of Education. This evaluation meets Minnesota's Department of Education requirement for reporting as defined in Minnesota Statutes Section 124E.12 and E16.

During its 19th year of operation, the School received support from its authorizer, Friends of Education. In addition, the combined efforts and support of the faculty, administration, students, families, and community members were instrumental in implementing and developing a strong, supportive community and a strong academic program.

#### 1. School Vision, Mission Statement, and Educational Philosophy

#### A. Vision

St. Croix Preparatory Academy envisions a learning environment centered on an integrated, rigorous, standards-based, classical curriculum that encourages students to think logically and critically, to communicate effectively and to embrace life-long learning as demonstrated by their successful pursuit of post-secondary education. The School will offer a small school community and a rigorous academic environment to area families.

#### B. Profile

We are the first public school in the eastern suburbs specifically dedicated to offering a demanding classical, liberal arts curriculum with an additional emphasis on development of each student's personal character, and leadership qualities. St. Croix Preparatory Academy will provide a learning opportunity that, until now, has only been available at select private schools.

The School was founded by parents, educators, and business people who wanted a more challenging education for their students. They wanted a school that demanded an education that challenges students to achieve to their highest potential as well as put forth their best in behavior, attitude, and effort. The School is creating a college prep educational program based on true inquiry, intellect, and character. By focusing on students' character and leadership qualities, in addition to developing their academic potential, The School is committed to developing young adults who are prepared to lead abundant and responsible lives as contributing members of our society.

#### C. Mission Statement

St. Croix Preparatory Academy will develop each student's academic potential, personal character, and leadership qualities through an academically rigorous and content-rich educational program grounded in the classical tradition.

#### D. Educational Philosophy

The School is based on a classical model of education. A classical model focuses on providing students with the life-long educational tools to learn and think for themselves. The classical tradition is grounded in the time-tested methodology of learning called the "Trivium", which recognizes that critical learning skills must precede critical thinking skills. The Trivium methodology is organized into the following three stages corresponding to the general stages of a student's cognitive development:

- Grammar. The first phase of the Trivium is Grammar (grade level K 4). Grammar emphasizes the facts and rules of each subject that later learning is built upon. This stage focuses on the accumulation of knowledge and the rules related to each particular subject. This mirrors the stage of development where children love to mimic, recite, chant, and memorize. The objective of this phase is to provide each student with a strong foundation of subject matter KNOWLEDGE.
- Logic. The second phase is Logic (grade level 5 8). Logic focuses on a students' ability to analyze and interact with the knowledge acquired in the Grammar stage. The Logic stage is the phase where understanding is grasped. This corresponds with the student's curiosity and desire to ask questions. The objective of the Logic phase is UNDERSTANDING.
- **Rhetoric**. The final phase is Rhetoric (grade level 9 12). Rhetoric teaches a student how to express and discuss a subject. Rhetoric is the communication stage, where students defend and refute opinions based on their understanding and knowledge of subject matter. This fits nicely with the students' affinity for contradiction and argumentation. The objective of the Rhetoric phase is COMMUNICATION.

#### 2. School Governance

Since its inception, St. Croix Preparatory Academy has followed the Carver governance model. This model is designed to empower a board of directors to fulfill their obligations of accountability for the School. The model enables the board to focus on the larger issues, delegate with clarity, to control management's job without meddling, to rigorously evaluate the accomplishment of the organization.

In contrast to typical board leadership, policy governance separates issues of organizational purposes from all other organizational issues. St. Croix Prep's Board demands accomplishment of purpose and only limits the staff's operational decisions to those which do not violate the board's pre-stated standards of prudence and ethics.

The Board's own purposes are defined in accordance with the roles of the board, its members, the chair and other officers, and any committees the board may need to help it accomplish its job. This includes the necessity to "speak with one voice". Dissent is expressed during the discussion preceding a vote. Once taken, the board's decisions may subsequently be changed, but are never to be undermined. The board's expectations for itself also set out self-imposed rules regarding the delegation of authority to the staff and the method by which board-stated criteria will be used for evaluation. The Board delegates with care. There is no confusion about who is responsible to the board or for what board expectations they are responsible. The Board utilizes an Executive Director; and the Board is able to hold this one position exclusively accountable.

A list of the Board members as of June 30, 2023 is provided below. Board members attend over 80% of the meetings; and all board members have fulfilled the board training requirements noted in state statute.

In the May 2023 election, teacher board members Nicole Donnay and Angela Galati successfully ran for reelection; Drew Melendres did not run for reelection; new parent board members, Terri Gulbransen and Jeff Johnson were elected as new parent board members. New parent board members, will be seated upon the completion of his St. Croix Prep board required training. All of the re-elected board members have completed their board training (Board Training Policy adopted by the St. Croix Prep Board) they will continue in their service. During the current year, the board members, aside from the state statute requirements, received training which included but was not limited to the following:

#### 5. School Admissions and Enrollment

Enrollment is one of the keys to viability in the first years of a charter school's operations. St. Croix Prep's enrollment (over 1,200 students) and long waiting list (over 700) ensured that classes operated at capacity. Very few students left St. Croix Prep during the school year, and when students did leave, the available spots were quickly filled.

A historical review of The School's enrollment growth is summarized below:

- In 2004 opened with 200 students in grades K-7 (waiting list of 169)
- In 2005 enrolled 252 students in grades K-8 (waiting list of 279)
- In 2006 enrolled 342 students in grades K-9 (waiting list of 306)
- In 2007 enrolled 444 students in grades K-10 (waiting list of 549)
- In 2008 enrolled 743 students in grades K-11 (waiting list of over 450)
- In 2009 enrolled 881 students in grades K-12 (waiting list of over 500)
- In 2010 enrolled 958 students in grades K-12 (waiting list of over 500)
- In 2011 enrolled 1,010 students in grades K-12 (waiting list of over 500)
- In 2012 enrolled 1,056 students in grades K-12 (waiting list of nearly 500)
- In 2013 enrolled 1,119 students in grades K-12 (waiting list of nearly 500)

- In 2022, enrolled 1,225 students in grades K-12 (waiting list of over 700)

St. Croix Prep's Open Enrollment period normally runs from the last week in August to the first week in January. Families desire to know the placement of their Kindergarten students so the end of the School's enrollment period coincides with the Kindergarten registration in the local district. St. Croix Prep's school demographics mirror the local district. At St. Croix Prep, 14% of the students are Special Education students; 12% qualify for free and/or reduced lunch and 3% of the students are English Language Learners; approximately 74% of the students are White, the removes the removes and students of two or more races.

In accordance with MN Statute 124E.17 Subd. 1, the School disseminates school information in the form of flyers to local organizations that provide services to low-income families, students of color, and students who are at risk. This information includes appropriate contact information, informational meeting dates, etc. Flyers were distributed to the following locations: Stillwater – Goodwill, Family Means, Trinity Lutheran Church Family Resource Center, and Valley Outreach; Woodbury -- Family Achievement Center, Goodwill, Savers, Christian Cupboard Food Shelf; White Bear Lake – Solid Ground, White Bear Lake Food Shelf; Mahtomedi -- St. Andrew's Community Resource Center.

The scores posted by St. Croix Prep's students are among the highest in the state of Minnesota.

St. Croix Preparatory Academy's high academic performance has been repeatedly acknowledged by the Minnesota Department of Education, SchoolDigger (ranked the #1 district in MN for the past seven years), Niche (#5 Elementary School in Minnesota; #7 Middle School in Minnesota; #5 High School in Minnesota), These sources have continually ranked St. Croix Preparatory Academy as one of the nation's best (and state's best) schools as it relates to rigor, college preparation, ACT scores (25.3 in 2022), percentage of students taking Advanced Placement classes, graduation rates (95.4% in 2022). In addition, in the summer of 2023, St. Croix Prep's Lower School was also recognized with the Minnesota School of Excellence award.

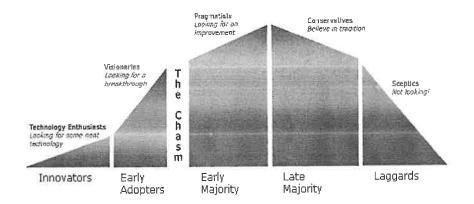

Apart from the core academic classes, St. Croix Preparatory Academy offers Art, Music, and Physical Education, for all students beginning in Kindergarten. The school offers Latin and Music Performance electives (Band, Orchestra, Choir, Jazz Band) for students in grades 5-12. Aside from field trips and service projects, St. Croix Prep also offers educational travel opportunities, with 8<sup>th</sup> Grade students traveling to Washington D.C. Juniors and seniors have international educational travel opportunities; the 2018-2019 class spent 12 days in Italy; students from the 2023-2024 class spent 12 days in Greece. The School has offered a Marine Biology educational travel opportunity to the Cayman Islands and a service travel opportunity to Guatemala. In addition to the academic programming, St. Croix Prep offers its students a full range of extracurricular activities. These include but are not limited to:

 Academic activities - Student Council, National Honor Society, National Art Honor Society, National English Honor Society, Quiz Bowl, Bottle of the Books, Continental Math League, Upper School Math League, Lego League, School Newspaper,

- Athletic activities MSHSL athletics which include football, cross country, volleyball, archery, basketball, soccer, baseball, hockey, softball, girls lacrosse, girls tennis, track, golf, dance team, alpine skiing, and ski club.
- Performing arts activities Chamber choir, Concert choir, Jazz band, Pep Band, Show Choir, Honors Choir, Lower School Theater, Middle School Theater, Upper School Theater, Speech, and Debate.

#### 7. Innovative Practices - Operational Philosophy centered on Diffusions of Innovation Theory

The School has always evaluated its purpose, growth model, marketing, and operations in terms of diffusions of innovation theory (developed by Everett Rogers in 1962) as presented by Geoffrey Moore in his books <u>Crossing the Chasm</u>, <u>Inside the Tornado</u> and <u>Escape Velocity</u>. Marketing the school, positioning/differentiating it within its market, development of a whole product and operations (e.g., hiring, governance models, policy development, recruiting, and programming) all take into consideration the five segments of classification typically described in technology adoption (e.g., innovators, early adopters, early majority, late majority, and laggards). This impacts the School's hiring practices, governance model, policy development, recruiting practices, etc. This best practice was adopted by the leading technology companies in the 1990s and continues to be one of the standards for entrepreneurial leadership.

St. Croix Prep uses this theory for both an internal and external evaluation of the School. In accordance with the model, current goals are focused on operational excellence and customer intimacy (as opposed to prior years' goals of growth and product leadership). Nearly every element of this report is discussed in terms of its alignment with the aforementioned theory.

#### 8. Program Challenges

The operations at St. Croix Prep still experienced some impact from the Covid-19 pandemic; and significant progress was made on the 2022-2023 goals noted below.

- Identifying the challenges and steps of transitioning students back into a more normal school environment. Students staying power has been diminished, mental health challenges have increased, and student maturity development is behind due to time away from a normal school environment.
- Reestablishing teams (e.g. Lower School, Middle School, Upper School, Student Services, Activities, Administration, and Board) after they have experienced the previous year's educational challenges. This will be done via communication, team building, and activities/events.
- Rebuilding parent-faculty relationships and school community that have been disrupted by the challenges of the Covid-19 school years. This will be done via communication and community building events and activities.

We anticipate the upcoming year will be very similar to pre-pandemic years.

#### 9. Finances

St. Croix Preparatory Academy 2022-2023 Annual Report

The School continues to show fiscal responsibility in its operations by adding to its fund balance during each fiscal year. This is being accomplished even while making strategic investments for the future growth of the School. The School has received a "clean" audit for the previous 17 years. In addition, the School has received the MDE Finance Award every year it has applied for this award (15 years in total). At June 30, 2023, the School had an unassigned general fund balance of 36%. In addition, the School has not drawn on the line of credit (\$500,000) to account for unforeseen cash flow shortages. The School has not drawn on the line of credit in over 132 months. A copy of the School's 2022-2023 Audit Report is on file with the State of Minnesota. The field work related to the 2022-2023 audit will occur in August-October 2023 and will be filed with the State of Minnesota by November 30, 2023.

#### 10. Future Plans

The School's future plans consist of continued work on the rollout of the separate 501c3 public charity – St. Croix Preparatory Academy Foundation. The purpose of this organization is to raise capital to improve the long term financial viability of the organization, issue scholarships, fund faculty leaves of absence, enhance compensation, and support necessary campus improvements.

In addition, the Board has engaged in a three year succession plan for a new Executive Director (co-founder, Jon Gutierrez). It is anticipated that a transition could begin in September of 2025.

#### **Annual Report**

**WBWF Requirement:** For each school year, the school board must publish a report in the local newspaper, by mail or by electronic means on the district website.

The Annual Report is published at: https://www.stcroixprep.org/finance-committee/

### **Annual Public Meeting**

**WBWF Requirement:** School boards are to hold an annual public meeting to communicate plans for the upcoming school year based on a review of goals, outcomes and strategies from the previous year. Stakeholders should be meaningfully involved, and this meeting is to occur separately from a regularly scheduled school board meeting.

The Annual public meeting was held on Monday, November 27, 2023

#### Respond to the questions below.

Process for ensuring students of color, American Indian students and students from low income families have equitable access to experienced, in-field, and effective teachers.

The district uses the staffing profile on the MN Report Card and staffing information provided by the district's HR office to analyze staffing data. Conversations revolving around equitable access data happen at a variety of levels at St. Croix Preparatory Academy. They are addressed at the start of each year when the teaching schedules are being created, as well as hiring for open teaching positions. They are also addressed at the end of the school year when reviewing positions that need to be filled for the following year. When creating a teaching schedule, especially relating to team teaching, we keep in mind the experience, effectiveness, and teacher licensure. Any changes made are discussed at the administrative level in each division, with the Q Comp leader ship team, and the WBWF Committee Meetings throughout the year.

Strategies the district initiated to improve student equitable access to experienced, in-field, and effective teachers?

The district reviews teacher compensation through the lens of the school board, our yearly budget, and our Foundation Board. Our goal is to continuously work towards improving our compensation in order to gain experienced, effective, and in-field teachers.

Efforts to increase the racial and ethnic diversity of teachers in your district.

The district's student population is comprised of 4.5% Hispanic or Latino students, 1.2% American Indian or Alaska Native students, 12.7% Asian students, .0% Native Hawaiian or other Pacific Islander students, 3.2% students of two or more races, 4.3% black or African American students, and 74.1% white students. Staff race/ethnicity demographics are no longer available through the Minnesota Report Card.

Strategies has the district initiated to increase and retain teachers of color and American Indian teachers in the district? What goal(s) are you pursuing?

The district reviews teacher compensation through the lens of the school board, our yearly budget, and our foundation board. Our goal is to continuously work towards improving our compensation in order to gain diverse, experienced, effective, in-field teachers.

The data we use for our All Students Ready for School is the number of students who participate in Kindergarten Camp, Kindergarten Assessments, the number of students who achieve STEP level 3 by the end of their kindergarten year, and the number of students who move onto 1st grade at St. Croix Preparatory Academy. The Lower School teachers meet every other week as a grade level. This includes the grade-level team and principal meetings once a month. There are also weekly child study meetings. Before and after the child study meetings, teachers collect data on interventions. Parent-teacher conferences are held two times a year and as needed. Teachers communicate with parents by newsletter, phone calls, emails, and conferences. For students who are not meeting proficiency, Kindergarten teachers make a recommendation for students to receive reading intervention services for half of their music time. The reading specialist targets reading skills that were not achieved on their STEP test. Some examples are rhyming, segmenting, identifying beginning sounds, and letter sounds. These services may start the 3rd- 4th week of school. Lower school also offers summer school. WIN (What I Need) time is every day and used to target reading skills (if needed).

All Students in Third Grade Achieving Grade-Level Literacy

We use the MCA Reading scores in the spring for grade 3 as well as STEP benchmarks. We correlate STEP data to state standards. Students are assessed in STEP three times a year. Some students are given an additional STEP test in the fall to see if they have made progress over the summer. Based on the benchmark report for the 3rd grade MCA III Reading test, we noticed the proficiency for students in informational versus literature is within 1%. This tells us that the strategies we have been using work. Third-grade teachers use 3<sup>rd</sup> grade standards with 4th-grade texts. Teachers use online MCA practice tests with Pearson Access and simulate the testing room for 3<sup>rd</sup> graders taking the test for the first time. Teachers meet weekly in PLCs and grade-level teams to make sure their curriculum aligns with the state standards. Teachers also review the

prior year's benchmark reports to reflect on trend data. Lower school is also offering summer school. WIN (What I Need) time is used to target reading skills. Additionally, teachers may use online programming (i.e. Freckle) to support students beyond the classroom. This year, DIBELS is administered to all students in the fall and will be administered at the end of the year to assess growth in basic literacy benchmarks.

#### Close the Achievement Gap(s) Between Student Groups

The data we use for Closing the Achievement Gap for our special education students are summative and formative assessments collected in class as well as MCA III/MTAS III Reading test scores for grades 5-8. Teachers meet weekly in PLCs and one of the topics they discuss are student data and work. Teachers refer to the previous year's MCA scores and look at different strand data and benchmark reports. This allows teachers to focus on which specific standards they might need to provide more support. We also use this data to decide which students might need to go into a team-taught reading class. This includes one general education teacher and one special education teacher. Teachers implement different support strategies in the classroom for students to use. Middle school offers weekly homework club to students who have an IEP. Foundation classes have also been created to provide students with instruction on the fundamentals of reading and writing. The middle school also offered summer school recovery classes. For the 2023-2024 SY, the middle school will use the DIBELS screener test at the beginning of the year to identify students who qualify for reading intervention. Students who have an IEP but do not have a reading goal as part of their plan are eligible for these services if they qualify.

For the All Students Career and College-Ready by Graduation goal, we use the upper school ACT scores. Our strong, rigorous pre-college curriculum is used to measure ongoing success rates. Teachers are continuously working towards implementing a curriculum that is preparing students for college. Within the parameters of course graduation requirements, teachers work within our classical education model to provide several AP courses for students throughout their high school years. This, along with college acceptance data, helps drive our conversations about identifying areas of focus within the division and different grade-level content areas and PLCs. PLCs are discussing ACT question format and using this in the classroom. Advisories are focusing on ACT prep. Upper school has also been using the ACT prep resources in Albert IO. They have also restructured the science curriculum to address gaps.

For the goal of All Students Graduate, we use the graduation rate of our 12th-grade students in June. We use different supports and interventions for the upper school students in order to help them create a strong base for graduating on time. These include but are not limited to: essay writing practice, workshops, service hours, resume building, college visit info sessions, interest inventory, SAT/ACT prep. These strategies are in place and ongoing within bi-weekly advisory meetings, work with college counselors to ensure students are on pace to graduate. Through these strategies, as well as bi-weekly grade checks, teachers and administration can identify students who are at risk of not graduating on time. The school also has a process for credit recovery through Northern Star. Students can complete different courses online, on their own time. Some of the challenges we face in maintaining a high graduation rate are student attendance, academic gaps for new students, history of not earning credit, which results in not being on a track off to graduate on time, missing credit requirements such as world language, which can vary between schools), and lack of academic mindset. There are also tri-weekly grade-level meetings, credit recovery courses, and meetings with a counselor.

### YTD Actual as a % of Budget : Variances > 5% of 25% YTD (i.e. less than 20% or greater than 30%)

Through September (25% of the year), in aggregate, YTD Revenue and Expense as a % of Reforecasted Budget are within 5% of YTD completion percent. However, Federal Revenue, Local Revenue, Employee Benefits, Supplies, Equipment and 'Other Expense % complete do vary greater than 5%. The variances in Federal and Local Revenue, Equipment, Supplies and Other Expense are attributed to timing differences. The variance in Employee Benefits may indicate that the enrollment for employee benefits is below projection. A deep dive into employee benefit enrollment will be done with the December YTD financials and the budget adjusted downward if audited enrollment numbers justify an adjustment. These variances are consistent with prior year.

### Reforecasted vs. Approved Budget (line item variances > 5% AND \$10K)

### Federal Revenue: 54% variance (\$399K)

Employee Retention Credit that was applied for in November 2022 and received in July 2023 (\$412K). In addition, Federal Sped Revenue is revised downward (\$12K) based on timing of FY23 Title II expenditures which were projected to roll into FY24, but were in fact expended in FY23.

#### Equipment: 50% variance (\$79K)

**Fund 1- Gen (-\$79K)** Adjustment related to timing of Lower School Sped Remodel. The entire project cost was budgeted in FY23 (**\$100K**), however, \$75K was actually paid out in FY24.

### Individual Fund or Business Segment Highlights

State Funding: FY24 In-state ADM Enrollment of 1194 is below budgeted enrollment by 1% (10 students). Full-Time Enrollment generates ADM of 1185, PSEO enrollment of 19 generates ADM of 7, and Shared Time enrollment of 15 generates and ADM of 2. As a result of decreased enrollment General Education revenue is reforecasted to decrease \$87K and Lease aid decrease \$21K. Full-Time Student Enrollment shortfall is net of enrollment overages in Lower School of 1 and Middle School of 3, which partially offsets an Upper School enrollment shortfall of 14. Upper School will continue to enroll students until budgeted enrollment is met.

<u>**Retreat Summary and Next Steps</u>**. Discussed the feedback and open items from the board retreat. These topics are noted below></u>

### Committees.

- Succession Planning Committee. Considerable hard work has been done has been to get us to this point ---This includes job descriptions, employment agreements, RFI and selection of consultant, coordinating interviews and focus groups, retreat planning and coordination. Question: Does the composition of the Succession Planning Committee need to change? Expand? – We may not be able to determine this until we determine the exact next steps.
- Search Committee. This was referenced during the retreat. This would consist of a small group of individuals who would solicit candidates, evaluate resumes, and make a selection of those to be interviewed. Composition of this committee and related questions are:
  - Terri Smith absolutely given her role and expertise in this process
  - Search Firm if the Board chooses to use a search firm they would be a member of this team and bring their expertise (e.g. national connections, advertising, awareness of marketplace, etc.). The Board would have to decide to commit to an additional 50-75k of costs. Would we need an RFI for this?
  - Who else? a member of admin? A board member? Rebar Leadership?
  - NOTE: The key is to identify a pool of qualified candidates. This may be difficult given the current market.
- Interview Team. Composition of the Interview Team could include:
  - Administration. Kelly, Terri, and all educational leaders.
  - Board members, not to exceed into a quorum (up to four members) so the interview is subject to open meeting law. Which board members?
  - Others? In previous interviews we have had an the above composition, THEN invited others to attend/listen so they can be a part of our follow up discussions with the interview team (e.g. other members of the admin team like Keven could listen to questions related to activities importance, other invited parents could give perspective they noticed, teachers? – or is that part of the board member composition?, TLC leaders, etc.).
  - Interview process. The number of interviews can be determined, but the final interview could be with the entire Board, subject to open meeting law.

**<u>Timeframes</u>**. Two very brief comments, one far more important than the other.

# st.croixprep

- Adjustment of the timeframe. Scott's timeframe has interviews being conducted in July 2025. Given the educational environment, this entire timeframe (Appendix C) in the board retreat packet will have to be accelerated by 4-6 months – which may impact the timeframe of Appendix B.
- Impact of adjusted timeframes. Obviously we will need to define this, determine appropriate committee composition, begin appropriate communication, etc.

Next Steps: These are:

- Update the timeline to reflect the acceleration of interviewing (C. Olson)
- Summarize the work that has currently been completed by the Succession Planning Committee (C. Olson)
- Set up follow-up meeting with Rebar Leadership (J. Gutierrez)

The meeting ended at 8:45 am

# DRESS CODE

The Dress Code and uniforms of St. Croix Preparatory Academy (St. Croix Prep) build community and diminish the importance of external factors related to clothing. Implementing a dress code at St. Croix Prep, promotes professionalism, cultivates a focused learning environment, and prepares students for the future. Uniforms promote a sense of equality and unity among students. This fosters an inclusive environment where students can focus on their education rather than their appearance.

All St. Croix Prep students are expected to be in school uniform each day, except for the designated dress-up days or spirit wear days. Neatness, cleanliness, and modesty guidelines should be observed at all times. St. Croix Prep reserves the right to determine dress code violations.

# **Uniform Provider**

Uniform clothing must be ordered through Tommy Hilfiger School Uniform or Donald's Uniform (with the exception of shoes, socks, coats and other accessories).

Families who are eligible for educational benefits are eligible to receive benefits for school uniforms. Please contact the main office.
